

Functional Abilities Recruitment Evaluation - Paramedic / EMR (AHS)

Lifemark conducts the functional assessment to determine whether you can safely complete the day-today tasks required for the position of a Paramedic / EMR for Alberta Health Services. Lifemark has highly skilled healthcare professionals who can walk you through the process and help you gather the information you need to apply for the position..

You will need to complete and bring with you to the functional assessment the:

- Consent and waiver forms <https://www.lifemark.ca/ahsparamedicemsconsentwaiverfinal.pdf>
- Par Q <https://www.lifemark.ca/Par-q.pdf>

Functional Assessment

The functional assessment is facilitated by an occupational therapist, physical therapist or kinesiologist and will determine whether you are capable of completing the essential physical demands of the position. The assessment will consist of lifting/carrying, pushing/pulling, walking, stairs, bending and twisting activities.

Please keep the following in mind:

- The therapist needs your blood pressure to be within normal limits. Please do not consume any nicotine/caffeine (coffee/tea, energy drinks, pop) within **2-3 hours** of the assessment. Please note, if your blood pressure is high on the day of testing, you may be asked to get medical clearance from your family physician before testing can proceed.
- Take all medications as prescribed.
- Wear comfortable clothes and closed toe shoes.
- If you are pregnant, or have an untreated hernia, please inform your evaluator that you are unable to complete the F.A.R.E. test.
